TOP STAGE INCUBATOR

Complete control
where it matters most.

BOLD LINE 3

In-chamber
feedback

Total Sample Control

In-Chamber and closed-loop CO2, Heating, and Humidity feedback, ensuring improved accuracy for precise and reliable experiments.

Ease of Use

Improved user experience with an optimized interface and an efficient design with wireless heated lid, simplifying installation and operation.

Continued Quality

Based on 20 years of incubation experience and backed by an exclusive 3-year warranty on core components.

NEW UNIVERSAL INSERTS

Convenient design allows our sample inserts to be used outside of our chambers as standard, universal sample holders for fixed sample imaging on virtually any microscope stage.
